

# Safety Protocols for In-Person Piano Lessons

## Instructions for Students

1. Please use the restroom before you arrive at my studio for your lessons.
2. Please remain in your car until the previous student has left my studio.
3. Please use hand sanitizer to clean your hands before you enter my studio.
4. Please do not touch the doorknob. I will open the door for you when you enter and exit my studio.
5. Please wear a face mask or shield.
6. Please do not touch anything in my studio other than the piano keyboard and bench.
7. Please bring your own pencil, eraser, and piano books.
8. Please use your hand sanitizer again after you leave my studio.

## Information for Parents

1. I can only allow one student in my studio at a time—even if you have more than one child taking lessons from me. In addition, I can only allow you in the front area of my studio.
2. Please provide your own face mask and hand sanitizer.
3. I will be disinfecting the piano keyboard and bench after each student.
4. I will be wearing a face mask and gloves.
5. You are welcome to accompany your child to lessons but please wear a face mask or shield.
6. If you anticipate that your child will have difficulty following these safety instructions, please continue with remote lessons.
7. If your child is feeling ill or has been exposed to someone with COVID-19 symptoms, please request remote lessons until the two-week incubation period has passed.
8. If you feel remote lessons are a safer option for your child and your family, please continue with remote lessons.
